

## Questions and Corrections 2013-10

4-25-13

Christian KY 1007 2-227.00

QUESTION: When trying to access the helpful links within the DNA study for 2-227 I am unable to access the archived as-builts, FIRM maps, rating sheets, etc. Can you make this information available?

RESPONSE: The links in the DNA study is part of a default statement on the DNA study. We do not have that information at this time. The information will be made available to the selected consultant when available.
